CITY HOSPITAL ANNUAL MEETING

Thursday evening the annual meeting of the City of Kingston Hospital was held at the hospital and George Burgevin, Dr. George F. Chandler and Dr. A. A. Stern, were re-elected members of the board of managers.

Judge James A. Betts, president of the board of managers, presided at the meeting.

President Betts's annual report was as follows:

To the members of the City of Kingston Hospital:

In conformity to the by-laws of this institution I respectfully submit a brief annual report of its condition and its work.

We again urge upon our citizens and physicians the desirability of joining our hospital. The payment of \$20 by any physician and the payment of \$25 by any other citizen constitutes any person a life member of this hospital with a right to take an equal part with any other members in the hospital work, also the payment of \$10 by any person will constitute that person a member of the hospital for one year with the same privileges as are enjoyed by life members.

The president and managers urge that an effort be made to increase the number of members of this corporation.

We have received donations during the past year as follows:

Hendricks Brick Co..... \$100

C. Hiltbrand Dry Dock Co..... 100

H. D. Lampman..... 25

Sara Catherine Chambers Fund..... 10

..... \$235

General Building Fund.

Mrs. James A. Betts, in memory of her children Allie J. and Fred North..... \$ 200

Dr. Daniel Connelly, for furnishing room in obstetrical ward..... 200

Mrs. Edward Coykendall, for furnishing room in obstetrical ward..... 500

Adam and Albert Salzmann..... 200

Charles A. Warren, in memory of Elizabeth Appleton Wynkoop..... 100

Mrs. J. T. Johnson, for furnishing room in obstetrical ward..... 200

Julia Bishop, for nurses' home..... 75

Isabelle C. Harrison..... 5

Martin Cantine Company..... 3000

Total..... \$4480

We hold \$500 Fourth Liberty Loan Bond contributed by Dr. Frank Johnson in memory of his wife, to be used in furnishing a room in the hospital.

Our Endowment Fund invested in securities now amounts to the sum of \$31,363.69.

The income from this fund is a very substantial help to us in defraying the current expenses of the hospital. This fund has been mainly given to this hospital by charitably inclined residents or former residents of this city and county.

Since our last annual report Caroline V. O. Crosby has given us a U. S. Victory Loan 4 1/2 per cent bond amounting to the sum of five hundred dollars, (\$500) which now forms a part of our Endowment Fund.

During the past year quite a considerable amount has been spent in repairing and decorating the old hospital, so that the rooms therein are now in a very good condition.

For full details of our finances of the institution and its present condition, I refer you to the very complete report of our treasurer, Harry H. Flemming, which is submitted by him.

Since the date of our treasurer's report and during the month of October, we have paid \$2,500 upon our mortgage indebtedness on the hospital property, leaving the sum of \$7,500 upon our hospital property and \$4,000 upon our new nurses' home on the west side of Broadway unpaid.

The new nurses' home property just referred to is a very desirable addition to our hospital proper as it gives our nurses adequate quarters and gives us several additional rooms in the old part of our hospital all of which have been very much needed during the past year. This brings me to the suggestion that our managers are now carefully considering a further addition to our hospital by carrying the men's ward and the women's ward and the intervening rooms between those wards up an additional story. This would give us quite a number of additional private rooms for use and we frequently need such rooms as all the private rooms are in use. We are having estimates prepared and a rough sketch of the proposed addition made. This would require quite a sum of money to build this addition, but it would put our hospital in first class shape and nearly or quite the size that we considered for the best economic and convenient use in hospitals. If our charitably inclined friends who have so freely assisted us in the past feel like making some donations for this purpose it would be gratefully received and used for the hospital treatment and would show our managers just how much funds were readily available for the suggested purpose.

Miss Edith C. Smith, our superintendent, her assistants, aide and nurses are endeavoring to establish an excellent reputation for their work in our hospital. There have been times during the last year when every room and bed was taken and some of the private rooms with two persons in them.

HAS ANYONE SEEN THIS GIRL?

Mombaccus Teacher Disappeared in Kingston on October 7—Sheriff Seeking Information of Her Whereabouts.

Ulster county officials for nearly two weeks have been seeking information of the whereabouts of Miss May E. Terwilliger, the pretty teacher at the Mombaccus school, who disappeared in Kingston on Friday, October 7.

MISS MAY E. TERWILLIGER.

Miss Terwilliger came to Kingston on Thursday, October 6, to attend the rural teachers' institute which was held at the high school.

She attended the sessions of the institute that day, and spent the night at the home of Mr. and Mrs. Edwin L. Thomas, No. 36 South Manor avenue. At a quarter before eight the following morning she left the house, saying she intended to make some purchases at the Rose-Gorman-Rose store before going to the morning session of the teachers' institute. Employees of the store who have been shown her photograph and given a description of the young woman do not recall having seen anyone answering that description in the store that morning.

She did not attend the session of the institute and has not been seen since leaving the Thomas house and starting to the uptown business section.

Miss Terwilliger is the daughter of Mr. and Mrs. Eugene Terwilliger of Mombaccus. Her father is an invalid. She was graduated from the Ellenville High School in 1920 and last year was employed as teacher at the Mombaccus school.

She is twenty years old; about five feet and three inches in height; weighs about 120 pounds and is of good build and trim. She has light complexion, blue eyes, hair that shades from auburn to red and regular features of good appearance.

At the time of her disappearance, Miss Terwilliger wore a blue serge suit, brown hat trimmed with a brown feather, brown coat, brown shoes and brown stockings.

She carried a new brown leather traveling bag about sixteen inches in length, which contained a blue and black pleated skirt, blue and brown check skirt, blue silk and a brown waist and a white silk waist; there was an underwear.

Miss Terwilliger possesses a pleasant disposition and makes friends easily.

Anyone having information regarding her whereabouts is requested to communicate with the sheriff of Ulster county at the court house.

UNIONS SPEED UP STRIKE PLANS FOLLOWING THEIR REJECTION OF LABOR BOARD'S PROPOSALS

No Postponement, But Full Settlement Now, Is Attitude of Leaders—Both Factions Look to Washington For Next Move.

By Telegraph to The Freeman.
Chicago, Oct. 21.—Preparations for the biggest railroad strike in the history of the United States were going forward today as a result of the failure of the conference here between the chiefs of the big railway brotherhoods and the United States Railway Labor Board to reach an agreement. No further parleys have been arranged and, unless a new move toward settlement comes within the next nine days, the walkout set for October 30, will take place.

Both union leaders and railway executives here today frankly admitted that an impasse had been reached. It was generally conceded that the next move toward a settlement must come from the federal government at Washington.

The attempt of the labor board to adjust the controversy ended in failure when the heads of the brotherhoods, after several hours of conferences, walked out of the parley, asserting that the proposals submitted by the board were impossible of acceptance.

The proposal of the labor board, which was rejected, contemplated postponement of the strike, deferring of the request of the railroads for further wage reductions and reductions of freight rates to absorb the wage cuts that became effective July 1.

It was the contention of the union leaders that the strike could not be postponed. Nothing short of a full settlement, they said, could avert the strike.

Railway executives of the western lines to meet here today to discuss plans for combating the strike.

Beyond announcing adjournment of the conference "final" and that "we cannot say that any beneficial results were obtained," members of the labor board made no statement.

Railway unions separate from the "Big Five" brotherhoods, including those affiliated with the American Federation, continued the various conferences that have been in progress during the present week.

The International Order of Yardmasters will not join the strike, Louis F. Gross, secretary and treasurer of the organization, today announced. The organization includes 195 per cent of the yardmasters of the country.

600 TRAINMEN STRIKE SATURDAY

By Telegraph to The Freeman.
Cleveland, Ohio, Oct. 21.—The strike of trainmen employed on the International Great Northern Railroad in Texas is not part of the nation wide railroad strike, it was stated this afternoon at headquarters of the Brotherhood of Railroad Trainmen which has authorized the strike.

Matters in issue there, involving rules and working conditions, had reached a crisis and the strike was authorized independently of the general strike call, it was stated.

San Antonio, Texas, Oct. 21.—The opening gun of the threatened country wide railroad strike will be fired here tomorrow when between 600 and 700 trainmen of the International and Great Northern Railroad will walk out at noon.

Mail Box Service Made.

Thursday the mail carriers made a survey of the houses in Kingston, giving postmen the first of a census of those having mail receptacles in convenient places. It was found that while a large part of the houses are so equipped and other residents are on hand to get their mail, there are a number who do not afford carriers and themselves facilities to safeguard their mail and it is hoped such people will put up boxes.

Leaders of Five Railroad Brotherhoods Gather at Cleveland Asserting "The Strike Will Go On"—Situation Same as Before Conference Says Stone.

By Telegraph to The Freeman.
Cleveland, Ohio, Oct. 21.—"The strike will go on."

This is the view expressed this morning by heads of three of five railroad brotherhoods involved in the proposed nationwide strike scheduled to begin October 30, upon their return from an unsuccessful conference with the railway labor board in Chicago.

"I have nothing to give out," said W. S. Stone, grand chief of the Brotherhood of Locomotive Engineers, late this morning.

"The situation is unchanged. We are going ahead."

This sentiment also was expressed by W. G. Lee, president of the Brotherhood of Railroad Trainmen, who said:

"The situation is exactly the same as it was on Tuesday when we were called to Chicago. Nothing came out of the conference."

Other than to say that his organization was "going ahead" with its plans, W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, known as "the Sphinx" of the labor leaders, refused to comment.

The three executives of the unions already on the ground will be joined here tomorrow by L. E. Sheppard, president of the Order of Railway Conductors, who will remove his headquarters temporarily from Cedar Rapids Iowa. T. C. Cashen, president of the switchmen's union with his office and field staff, is expected to arrive in Cleveland before Monday, when a general conference of the leaders will be held. It was announced today.

A call was sent by telegraph this morning to the general executive board of the brotherhood of trainmen summoning them to meet here at once.

The advisory board of the locomotive engineers and the executive board of the trainmen were in session again today working out strike details.

Register before 10 o'clock tonight.

NEW YORK PRODUCE MARKET

By Telegraph to The Freeman.
New York, Oct. 21.—The state department of farm and markets today reported little evidence so far in the wholesale produce market of increased buying in anticipation of a railroad strike.

The first car of new crop Florida produce, consisting of peppers, egg plant and cucumbers, arrived this morning by rail. The cucumbers sold at \$4 and \$4.50 per bushel box, the egg plant in one and five-eighths bushel boxes at \$2.50 and \$2.75 and the peppers in the same containers at \$1.50 and \$2.00 per box.

The apple market was slightly firmer today for fancy stock. Baldwins sold at \$6.50 and \$8.00 per barrel. Greenings were quoted at \$9 and \$10 per barrel and some higher. Bulk apples of red variety sold at \$4.50 and \$5.50 per barrel.

Potatoes, state No. 1 round whites sold at \$4 and \$4.25 per barrel of 160 pounds. Long Island potatoes sold at Bushwick terminal at \$5.75 per 160 pounds.

Cabinet Again Talks Over Situation—Optimism Persists Despite Failure To Secure Strike Postponement—Labor Leaders at Capital Hint at Eleventh Hour Back- Down.

By Telegraph to The Freeman.
Washington, Oct. 21.—Although President Harding and his cabinet today discussed the railroad strike situation, members refused to state whether any action had been decided upon and declared that the president had sole authority to disclose the government's hand.

Possibility of the railroad labor board officially citing the brotherhoods for violation of the board's decisions, thus placing the brotherhoods face to face with the law, was discussed in the cabinet session, it is understood.

Despite the failure of the railroad labor board to secure promises from the chiefs of the "Big Four" transportation brotherhoods for the withdrawal of orders for a nation wide railroad strike, there was a distinct atmosphere of optimism still prevailing in official circles today.

The president may call a joint conference of railroad executives and labor leaders if other means cannot be found to avert the threatened walkout but the belief continues here that the strike will be called off without direct action on the part of the government.

Labor leaders are of the opinion that the brotherhood heads will back down at the eleventh hour by pointing out that their strike threats have reaped a sufficient harvest by focusing attention on the necessity of the reduction of freight rates, as important rate cuts will undoubtedly be announced by the interstate commerce commission before October 30, the date set for the walkout.

"The attitude of the administration will be that the law must be maintained and it will maintain it no matter who is hit," one member of the cabinet said. "I do not think the president regards this as the psychological moment to disclose his hand. I believe, however, that either the president or the railroad labor board will call those who defy the law before them and announce the administration's intent to maintain the laws."

LABOR BOARD CALLS BOTH SIDES

To Testify Wednesday as to Violations of Its Wage Cut Decision—Orders No More Cuts Until Then.

By Telegraph to The Freeman.
Chicago, Oct. 21.—The United States Railway Labor Board this afternoon issued an order citing the railroad officials and leaders of the "Big Five" brotherhoods to appear before the board on Wednesday morning at 10 o'clock to give testimony as to whether they have been or are violating decision No. 147—the wage cut decision.

All parties concerned were instructed meanwhile to maintain all wage schedules in status quo.

LUTHERAN NEGRO QUARTET COMING

The members of Livingston Street Lutheran Church and the general public will be given an opportunity to hear a quartet of negro students from Immanuel Lutheran College, Greensboro, N. C. The quartet will be under the direction of the Rev. W. O. Hill of Youkers, and expects to tour the eastern states to create an interest in the work of higher education and mission among the negroes.

Immanuel College at Greensboro, N. C., is an institution of higher learning for the education of colored pastors and teachers for the work among their race. It is conducted by the Synodical Conference of North America, the largest Lutheran body in the world, of which Livingston Street Church is a member. Another college for negroes is maintained at New Orleans. This is in the nature of a preparatory school.

The Synodical Conference has been conducting a mission among the negroes for 40 years. These missions are scattered throughout the south and in a number of the large cities of the north. The latest and most flourishing field is in the black belt of Alabama into which the conference was called through the instrumentality of the late Booker T. Washington. The feature of the work among the negroes is the system of religious day schools to which much attention and money is devoted.

This quartet will be at the above named church on Tuesday evening, October 25, at 7:45 o'clock. The program will be published later. In connection with the appearance of these boys, Pastor Hill will deliver an address on the work among the blacks and particularly on the work of higher education among them.

The members of Immanuel Church will not fail to attend this service. The general public also is cordially invited and welcomed. The silver offering of the evening will be used to defray the expenses of the quartet and any surplus will be given for the work among the colored race.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, Oct. 21.—The feature of the stock market at the opening today was renewed pressure against railroad stocks as the result of disappointment over the developments at the conference between representatives of the labor board and the union leaders at Chicago. Trading in these issues, however, was small, except in Great Northern preferred, the sales of that stock being large during the first 15 minutes and forcing its price down 1% to 70 1/2. Reading was also in supply for a time, yielding 1% to 65 1/2. Southern Pacific fell one point to 74 1/2. Northern Pacific dropped 1 1/2 to 73 1/2. The steel industrials also were heavy but were in increased demand after the opening. Republic yielded one point and then recovered. Haskell and Barker rose nearly 4 points to 69.

After the losses sustained in many stocks in the early trading a stronger tone developed. Generally all important movements during the remainder of the first hour were to higher prices.

The feature of the afternoon trading was a sharp advance in Mexican Petroleum which moved up nearly 5 points to 100 1/4, while Pan-American Petroleum rose 2 points to 45. United States Steel advanced nearly one point to 71 1/2, while Baldwin rose over one point to 84 1/2. Tobacco Products was in demand moving up 1 1/2 to 65. The rails moved up fractionally.

The market closed strong; government bonds unchanged; railway and other bonds steady.

RHEUMATISM LIKE CHARITY COVERS A MULTITUDE OF SINS

To rheumatism is often ascribed pain the origin of which has entirely different causes. Rheumatism is a disease of the organs of locomotion and the extremities which is characterized by severe neuralgic and shifting, lancinating pain in the joints and muscles.

The cause of rheumatism is the formation of uratic crystals, due to decomposition of food elements in the blood stream, or by the use of excessive amounts of food. It is the presence of these crystals of urates in the fine capillary blood vessels piercing the end organs of the sensory nerves that causes the rheumatic pain.

Brooklyn, N. Y. Sept. 28, 1911.
"Three months ago I was almost a complete cripple with rheumatism. I had given up hope of any relief. As for a cure I thought that in my condition an impossibility. Since being treated by Dr. Broberg I feel that I am perfectly cured. Have no more rheumatism and not a pain of any kind and feel that all the credit is due to Dr. Manfred Broberg."

LLOYD S. LEITH, 19 Sterling Place.

In rheumatism, as in other diseases, a cure can be effected ONLY by removing the cause. Naturopathy in conjunction with Chiropractic and Natural diet WILL remove the cause when all other methods have failed.

Tablets Contain Proper Dose—Easier To Take—Results Quicker—Better For You

Many people find the new Phos-Pho-Vitamin Tablets produce results quicker and are easier to take than ordinary yeast. The tablets contain a proper dose of "Water Soluble B Vitamin" concentrated from yeast and "Fat Soluble A Vitamin" etc. These concentrated tablets do not upset or disturb the stomach. Are more economical and are swallowed with a glass of water after meals. Druggists recommend this newer better way. Write for the pamphlet. In Memoriam.
In sad and loving memory of Wm. J. Kastner, who entered eternal rest, October 21, 1918.
Short was his life, sweet is his rest. God calls for those He loves the best. We deeply mourn his race is run. Father in Heaven they will be done. Dear son you have left us, but it was God's holy will. In our memory you are with us. In our heart we have you still. Off and off, our thoughts do wander to your grave, not far away, where they gently lowered your body, just three years ago today.

TWO GRID GAMES HERE SATURDAY

High School First Team to Battle
Albany High After Second Team
Plays Riordan School Lads.

The Athletic Field Saturday will be the scene of two real football games when the varsity eleven clashes with the Capitol City team and the High School second team will endeavor to trounce the Raymond Riordan School "vets." The second team game is scheduled to start at 1:30 p. m., and it is the earnest hope of the management that the fans who are expecting to see the varsity game will come somewhat earlier and cheer these lads to victory.

Coach "Mac" has been driving his varsity squad hard this week and the team that will line up at the kick-off will be in the best of condition that high school training can afford.

While the most optimistic are unable to forecast a heavy drubbing for the Garnet and Greys, it is safe to say that the team will not go on the field over-confident but with a dogged determination to at least hold their opponents to a scoreless tie and if Muller's open field receiving is at its best Saturday it will be Albany who will have the K. H. S. boys to hold their objective.

Coach Herman's work with the second team is very praiseworthy and he will send a fast, hard hitting eleven on the field. Hardened to bruises and accustomed to bucking the varsity line is our basis for prophesying them the victors.

Faulk is the mainstay of the scrubs and it is he who will undoubtedly captain these lads. Coach Herman's line-up for the kick-off will probably be Maroney, left end, E. Burgevin, left tackle; Vessinger, left guard; Cassidy or Schulten, center; F. Anderson, right guard; F. Burgevin, right tackle; Bruder, right end; Seymour Goldberg, quarterback; Faulk, right half back; Soheffel, full back; Caunitz left half back.

HENRY AWARDED \$2,500 DAMAGES

Against International Sparkler Company—Action Against Crook Dismissed—Gotelli Sues Brown, Bailor, For Stolen Car.

A verdict of \$2,500 was brought in for plaintiff in the action brought by James Henry, as guardian for his daughter, Catherine, against the International Sparkler Company of New Jersey in supreme court Thursday afternoon. The action was brought jointly against Mr. Crook of Port Ewen, who sold the sparklers to the Henry girl, and the company which manufactured the article, but the action against Mr. Crook was dismissed and the judgment secured is against the manufacturer. DuBols Gillette appeared for Mr. Crook. Judge Jenkins for the International Sparkler Company and Amos Van Etten for plaintiff.

Judge Hasbrouck granted thirty days in which to appeal the case and sixty days' additional to prepare a case should an appeal be taken.

At the conclusion of the Henry case an action brought by George Gotelli against Frank L. Brown, an action against bailor, was taken up. The action is brought to recover damages for an automobile owned by Gotelli which was stolen while in Mr. Brown's garage for repairs. Plaintiff claims that Mr. Brown stated that the car would be safe and that after it had been stolen he said he would be responsible. The car was recovered and the two men, Schoonmaker and McDonald, who stole the car, were indicted and sentenced to prison and are now serving time.

The Gotelli car was taken to Mr. Brown's place of business on Broadway for certain repairs to the clutch and left there while Mr. Gotelli went to New York for the parts. The parts were sent up but Mr. Brown was busy with other work for a day or two and kept the car in Winter's garage on Greenkill avenue during the night time. On July 24 Mr. Brown went to the garage which he was operating to get the car and found that it was gone. The garage had been broken into some time between 10 o'clock the night before and the time he went there. The previous night he had been in the garage late and when he left he testified that he had locked the door.

When he found the car gone he reported it to the police and called Mr. Gotelli on the phone to get the license number. He informed her the car was gone and Mrs. Gotelli says he told her he would get the car back and be responsible for damage done. This Mr. Brown denies.

Judge Joseph M. Fowler appears for Mr. Gotelli and William D. Brunner and Mayor Canfield for defendant.

Daddy's Evening Fairy Tale

BY MARY GRAHAM BONNER

ONE HUNDRED YEARS OLD.

The children had had a beautiful day thus far. There had been the most wonderful hay rides in the morning. How high up they had felt, riding on the hay wagon.

And how many games there were to play when they were riding along. Almost as many games as there were when they played in the hay-loft.

In the afternoon because it was so hot, they were all allowed to go wading in the brook and to stay barefooted the rest of the day.

After that when they were all cooled off they went for bicycle races and the ones who had no bicycles rode on the handlebars of the others' bicycles.

Some of the children rode their bicycles very well. They could go for long distances without touching their hands to the handlebars. And how fine they did look, sitting up straight, with arms crossed, guiding the bicycle by clever balancing.

But later in the afternoon it began to rain. Now there were many children who had been playing—in fact most of the children in the little village played together every day of vacation time.

When it began to rain the mother of two of the children said, "I'll tell you what you can do, children."

"They all listened eagerly."

"Of course you know the garret?"

"Yes, they all knew the garret, for many an out-door circus had become a garret circus on a rainy day and many had seen the plays given in the garret and the charades and the games."

"Oh, yes, they all knew the garret. There were so many fascinating old things in the garret too which had been in other parts of the house during some of the hundred years that the house had been built."

There were beds and chairs and tables and old stoves. Playing house was one of the most wonderful of things to do in the dear old garret.

And it was so large a garret, too, that many could play about at the same time and go about the garret visiting each other.

"But," continued the mother who was talking, "I'm going to suggest a new garret party for you."

"When my great-grandmother came as a bride to this old house, which my great-grandfather and built for her, she brought with her a most beautiful trousseau of clothes and bonnets and shawls. She always wore them and when they were quite out of style she put them in an old trunk."

"Every year we brush out the trunk and put the clothes back. But it seems to me that it would be only right to make a little use of those clothes."

"I have a feeling that great-grandmother would like it if we did."

"And so I suggest that you have a dressing-up party and that you all use the clothes from the old trunk. And for the boys there are some of great-grandfather's high hats and capes there too."

"There are even odd trimmings worn in the War of 1812."

The suggestion was followed by cheers. What a wonderful time they would have, so the key to the trunk was brought forth—the trunk that had always been a mystery to them—and there they saw fascinating clothes of a hundred years ago.

But alas, when they tried to wear the clothes they all fell to pieces.

The hats fell right through and the dresses were like tissue paper the way they tore.

They played all the rest of the afternoon and pretended they were ladies and gentlemen of many years ago, having handsome receptions and gorgeous entertainments and beautiful gatherings.

Later the mother who had suggested the party came up to the garret and when she saw the old clothes—some torn and tattered of bygone finery—she said:

"Well, I do believe that the clothes are too old for playing. Add after all, one hundred years, even for dresses and hats, is pretty old to be taking part in costume games."

And everyone decided that it was no wonder, considering the age of the clothes, that they had shown so little strength and endurance for rainy afternoon playing.

"Would Like One."

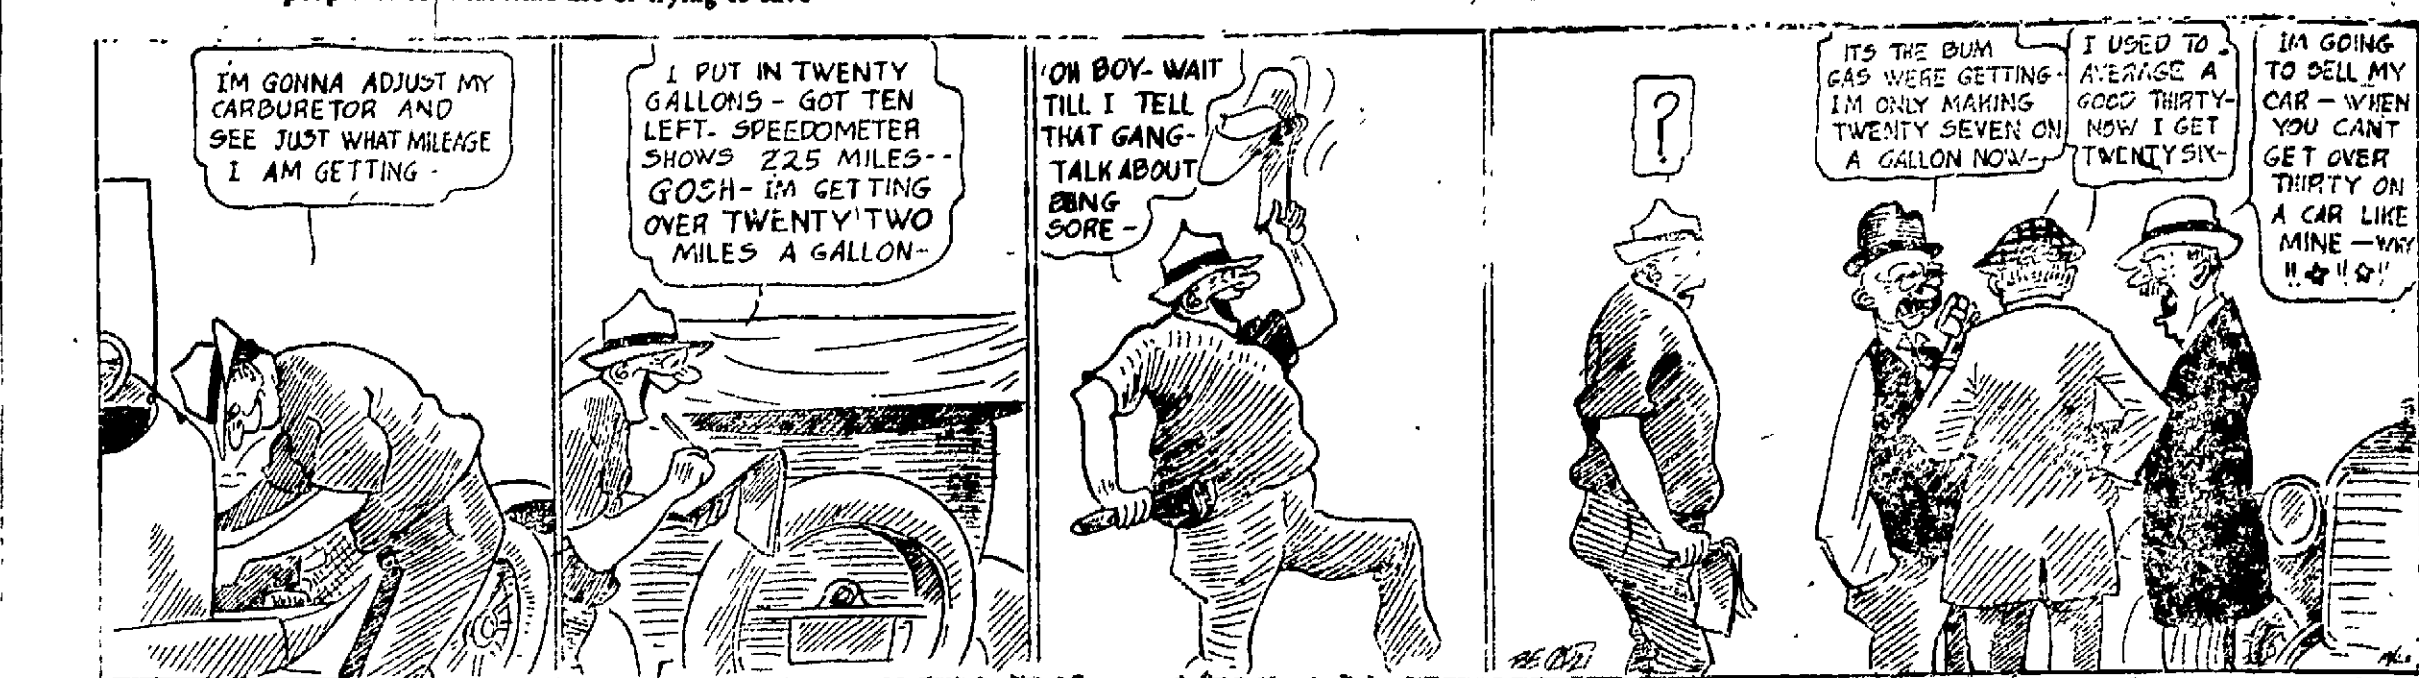

"That's the new word, dear."

"Mamma, what does God do with all the old clothes?"

GAS BUGGIES—When people lie so what's the use of trying to save

The KITCHEN CABINET

Copyright, 1921, Western Newspaper Union

Oh! for a new generation of day dreamers. They will not ask what life is worth living—they will make it so. They will transform the world "struggle for existence" into glorious effort to become that which they have admired and loved.

TASTY DISHES.

Liver is such tender and delicate meat when nicely cooked that it should be more used and appreciated. The following recipe will be something a little different from the ordinary:

Braised Liver.
—Skewer and lard

with strips of salt pork the upper side of a calf's liver. Place in a deep pan, dredge with flour after seasoning well with salt and pepper. Add one-fourth cupful each of finely diced carrot, onion and celery; add one-half teaspoonful of peppercorns, six cloves, a small bit of bay leaf and two cupfuls of brown stock or water. Cover closely and bake slowly two hours, uncovered the last twenty minutes. Serve with a brown sauce and fried onions.

Chester Pudding.—Cream one-half cupful of butter, add one-half cupful of sugar, one egg well beaten and sift two and one-fourth cupfuls of flour, three and one-half tea-spoonfuls of baking powder, one-fourth teaspoonful of salt, three tea-spoonfuls of glycerine; add alternately with one cupful of milk to the flour mixture. Turn into a buttered mold and steam two hours. Serve with vanilla sauce.

Celery Soup.—Take one pint of water in which celery has been cooked and add one pint of milk seasoned with onion. Thicken with three level in-teaspoonfuls of butter and the same of flour, with one-half teaspoonful of salt and a dash of pepper. Blend the celery water with this, and pour over the yolks of two eggs beaten well.

Rolls.—Put into a bowl three table-spoonfuls of butter, two table-spoonfuls of sugar and one teaspoonful of salt. Add two cupfuls of scalded milk. When lukewarm, add one cake of compressed yeast softened in one-fourth of a cupful of warm water. Beat well and let rise until foamy and full of bubbles. Then add two to three cupfuls of flour and knead until it has lost its stickiness and is smooth and elastic. Let rise until double its bulk. Knead again, shape into rolls, let rise and bake in a quick oven.

THE OFFICE CAT

By Junius

That's So, Too.

"The horse soon will be a thing of the past," said the Wise Guy. "It takes an automobile to take you where you are going these days."

"That may be so," replied the Old Timer, "but it has been my experience that when I was lost on a lonely country road on a dark night I could trust the old gray mare to find her way home, but all I can trust my automobile to do is to find a ditch."

Female Perverseness.

Oh, woman, in your hours of ease, You always act as you darned please: And now on highways set the mode Of calmly hogging all the road.

Some persons troubled with insomnia might do worse than try this cure: Let them listen attentively to the man who likes to talk about himself.

BOMBARDED SCHOOLHOUSE.

Cottrell's Building Damaged in Teachers' Absence.

Thursday and Friday there was no school at Cottrell, the teachers being in attendance at the Teachers' conference, which was being held in this city. During the vacation some miscreant or miscreants, accepted the opportunity to give the school house, windows a thorough storming, breaking 24 or more panes of glass, several being 15 and 30 inch size, as well as breaking the sash in several places. The stones used were round inside on the floor being as large as baseballs. It is believed the guilty parties are known and if sufficient proof can be secured the school board will in all probability prosecute to the full extent of the law, as this is not the first time windows have been broken.

NOV. "PERFECT PACKAGE MONTH"

A nation-wide "Perfect Package" movement will be conducted by the railroads, steamship lines and the express carriers of the United States and Canada, during November, which will be known as "Perfect Package Month." The shipping public of this city will be asked to cooperate in the campaign.

An announcement to this effect was made today by a joint committee of local transportation men, composed of G. N. Wood representing the New York Central Railroad; N. G. Cochran the New York Ontario and Western Railroad; T. W. Flemming the Ulster and Delaware Railroad; and W. F. Miller, agent of the American Railway Express Company. This committee has taken the matter up with the city Chamber of Commerce and arrangements have been completed, to enable the shippers of this city to make a good showing in the movement.

The purpose of "Perfect Package Month" is to enable the carriers to aid shippers in their packing problems, and to help improve the transportation service of the country.

During November, the railroads, steamship lines and the express companies will examine the condition of all freight and express shipments and record the faults of shipments, which do not come up to the general classification of "Perfect Packages."

Special report blanks for freight and express will be made out for every shipment that is found wanting in some detail of good shipping, and these reports will be sent to the shippers of the packages. A summary of all exceptions found during November will be submitted to the city Chamber of Commerce for examination and tabulation.

At the conclusion of the movement, the record of each city during "Perfect Package Month" will be tabulated and published broadcast. The leading city will be exploited, because of its perfection in shipping methods.

Considerable rivalry has been aroused among traffic organizations which have determined to make their cities the leader of "Perfect Package Month."

November was selected for the campaign, as the carriers are in a position where they can give more careful examination of passing traffic, and could, in fact, handle at least 25 per cent more business.

Every city or town, throughout the United States and Canada, that ships by rail and water, will be informed of these plans and be asked to aid in carrying them out. The entire working organization of all of the railroads and express companies, are also to be enlisted in the campaign, comprising a force of nearly 2,000,000 men.

The railroads will push the "Perfect Package Movement" through a single agency, the American Railway Association, an organization of practically all railroads and steamship lines. Express agents everywhere will join with the railroad people in conducting the campaign.

COMPANY M IS
NOW COMPANY I

Thursday afternoon orders were received from the adjutant general changing the name of Company M, to that of Company I, assigned to the 132nd Ammunition Train. The orders were read for the first time that evening to the members of the company at the regular weekly drill at the armory. The change is due to a reorganization of the state militia, the First Infantry of which Company M was a part being taken over into the Ammunition Corps.

The news of Company M's new title will be received by the city at large with regret. Under its old title the company has played a part in the wars of this country that has endeared it to all residents of Kingston. The change will not affect in any way the personnel of the company.

BRUNSWICK
Method of Reproduction

The Ultona, an exclusive feature of The Brunswick. It plays all records, whatever make, exactly as intended, with the proper diaphragm and needle. At a turn of the hand it is ready. Note its simplicity. And that it is in-built, not an attachment.

The original all-record phonograph without attachments

Such is The Brunswick, and part of its fame is due to this great innovation.

Until the coming of this noted instrument, most phonograph owners had to be content with a one-record instrument. Brunswick made this idea out of date.

There have been many attempts to equal The Brunswick, but devices and attachments never bring the desired result.

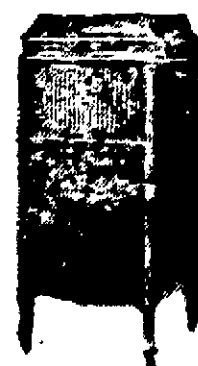

The Ultona, as we picture above, is part of The Brunswick, in-built. And it plays every record at its best.

Another exclusive feature is the Brunswick Tone Amplifier, built entirely of wood. It has no cast-metal throat, as is usual.

This scientific amplifier, built according to acoustic laws, gives truer, richer tone. It reveals hitherto lost shadings.

Hear The Brunswick before you buy a phonograph. Note its unequaled tone, its superb cabinet work, its many betterments.

You will hardly believe all the good things they say about The Brunswick until you, yourself hear it. Come in today.

2. Please recommend something to plant to cover an ugly patch of ground with poor soil?
3. How much harm do crows do?

Answers in Tomorrow's Nature Notes.

Answers To Previous Questions.

* 1. What becomes of snails in winter?

They hibernate, and may either go into the ground, under mats of decayed leaves, etc., or may stick themselves underneath some object. The body moisture is protected during this period by sealing the snail's shell with a layer of mucous and slime. There may be three layers of this air and draught curtain.

2. Are the mice we find in houses same as field mice?

No, not unless sometimes in the country the field mouse (*Microtus* sp.) may have taken up residence in a house. The house or pantry mouse, *Mus musculus* originated in India, but has lived for centuries wherever human dwellings or store-houses occur. Field mice (two kinds) have much shorter tails than pantry mice, the pine mouse's tail being smaller than the meadow mouse's.

3. What kind of bird is most numerous in the world?

We don't know that it is possible to estimate reliably but some students consider the Least petrel, *Thalassidroma pelagica*, or *Procellaria pelagica*, the most abundant species. It is rarely seen on the American side of the Atlantic coast, but is common on the European side.

MISS ROBERTS WON

When Court Continued Temporary Injunction.

The Roberts-Seaman case tried in supreme court Wednesday resulted in judgment for plaintiff when Judge Hasbrouck continued the temporary injunction secured by Miss Roberts to prevent Mr. Seaman from closing up a right of way over his property. The case was not won by Seaman as stated in Thursday's Freeman. There being no question of fact the matter was not submitted to the jury.

Judge Joseph M. Fowler appeared for Miss Roberts and Mr. Seaman appeared in his own behalf.

Saturday morning our new store at 38 Broadway will be at your service. We long ago outgrew our old quarters and for the past few years we have been forced to crowd beyond the Max Hazen style of doing business. So we purchased the building at 38 Broadway to better accommodate our many and constantly increasing number of customers and have fitted up a store which we believe is one of the most modern and most beautiful in Kingston and promise all our old and new friends even better service and values than ever before. As a souvenir each man and woman purchasing a pair of shoes on opening day will be given, absolutely free, a pair of fine silk hosiery—of the customer's choice of weave and color.

20 Years of Service and Shoe Satisfaction to Hundreds of Business Friends

Max Hazen's
NEW STORE
38 Thirty-Eight Broadway, Kingston 38

The Max Hazen Building is a Testimony of Service and Fair Dealing.

JUGGLERS? NO, NOT WE!

We are not jugglers. Our foods are not deceptive in quality. The merchant who sells unreliable eatables just for the sake of making a few cents more, is not a safe man to trade with. Unreliable things can't come into this store. We know enough about these things to know when they are wholesome and when they are not. It isn't wholly a question of price with us. We get the best that money will buy and then sell it with just a fair percentage of profit added.
